

Poster Session A

Thursday, October 18, 2018

12:00pm - 1:30pm

Aging and Dementia: Alzheimer

A - 01

Web Camera Based Eye Tracking on a Visual Paired Comparison Task: Replication and Relationships with Preclinical Alzheimer Cognitive Indices

Bott N, Lange A, Rentz D, Buffalo E, Clopton P, Zola S

A - 02

The Relationship Between Apolipoprotein E4 Status and Cognition and Depression in the NACC Database

Bryant A, Suhr J

A - 03

Implications of Sex and Race/Ethnicity on History of Traumatic Brain Injury and Age of Alzheimer's Disease Onset

Burmester S, Schaffert J, Bailey K, LoBue C, Rossetti H, Cullum M

A - 04

Apathy Symptom Severity and Progression Across Empirically-Derived Mild Cognitive Impairment Subtypes

De Vito A, Calamia M

A - 05

The Effects of Sleep Apnea on Cognitive Deficits in Individuals with Alzheimer's Disease

Fornalski N, Tran V, Ramandesh D, Gonzalez C, Cabrera C, Stebbins L, Garcia J, Boix Braga M

A - 06

Association of Medial Temporal Atrophy and Amyloid Load on Cognitive Performance Among Hispanic and White Non-Hispanic Older Adults

Garcia P, Mendoza L, Rodriguez M, Hernandez-Cardenache R, Greig-Custo M, Loewenstein D, Duara R

A - 07

The Role of Metabolic Syndrome in Alzheimer's Disease Progression: A Retrospective Study

Parker A, Schaffert J, Smith E, Rossetti H, Cullum M

A - 08

Wechsler Adult Intelligence Scale-4th Edition Digit Span Performance in Normals, Amnestic Mild Cognitive Impairment, and Early Alzheimer's Disease

Ruchinskas R

A - 09

The Role of Self, Informant, and Physician Reports of Language Ability in Objective Language Performance in Mild Cognitive Impairment

Thompson J, Montgomery V, Kauzor K, Gomez K, Diep A, Chen S, Merrill D, Wright M, Woo E

A - 10

Rapid Decline for a Patient of Suspected Dementia at Reevaluation Despite Low Risk Factors

Wood A, Werry A, Schmitt A

Aging and Dementia: Healthy Aging and Cognition

A - 11

Differentiating Neuropsychological Profiles Between Prion Disease and Vascular Dementia

Boix Braga M, Jeffrey M, Garcia J, Tran V, Radmanesh D, Capp K

A - 12

Aging, Initial Planning, and Task Execution

Brown K, Schmitter-Edgecombe M

A - 13

Who Knows Best? Reliability of Informant- and Self-Reported Compensatory Strategies for Everyday Medication Use in Community-Dwelling Older Adults

Chudoba L, Weakley A, Schmitter-Edgecombe M

A - 14

Cobalamin Deficiency and Declining Cognition in Older Adults with Neurocognitive Disorders

Garcia J, Tran V, Radmanesh D, Garcia J, Capp K

A - 15

Non-Uniform Age-Related Differences and Neuropsychological Correlates of Subjective Memory Complaints in Cognitively Normal Older Adults

Gracian E, Wright D, Austiff M, Osmon D, Mosack K

A - 16

Individual Differences in Affective Traits Role in Physical and Cognitive Performance

Halpin A, MacAulay R

A - 17

The Aging Well Through Interaction and Scientific Education (AgeWISE) Program: Examining Changes in Attitudes Toward Cognitive Aging in Older Veterans at Six-Month Follow-Up

Indorewalla K, Sugarman M, Daley R, Clark E, Scoglio A, O'Connor M

A - 18

Stability of MoCA Scores for Patients Seen in a Memory Disorders Clinic

Krishnan K, Thompson N, Bonner-Jackson A

A - 19

Moderating Effect of White Matter Integrity on Brain Activation During Dual-Task Walking in Older Adults

Lucas M, Wagshul M, Izzetoglu M, Holtzer R

A - 20

Positive Effects of Body Mass Index on Memory Performance, Irrespective of Activity Level, in Healthy Aging Older Adults

Mestre Z, Osuna J, Zlatac Z, Appleton-Knapp S, Weirenga C, Boutelle K

A - 21

Poorer Memory and Executive Functioning Across the Lifespan: Contributions of Alexithymia

Paitel E, Correro A, Byers S, Nielson K

A - 22

A Case Study Involving Multiple Medical Conditions and Memory Deficits

Shumaker G, Nolty A

A - 23

The Effect of Medication Regimen Complexity Index on Medication Management Performance-Based Assessments
Sumida C, Norman S, Weakley A, Schmitter-Edgecombe M,

Aging and Dementia: Other

A - 24

Neuropsychological Assessment of Dementia in Individuals with an Intellectual Disability
Adams L, Rice T, Harris A, Patel P

A - 25

Executive Attention Predicts Agitation in Older Adults with Cognitive Impairment and Dementia
Becker C, Choi E, Gonzalez Catalan M, Shin S, Arora S, Huddleson M, Gomez R

A - 26

Awareness of Psychiatric Symptoms and Caregiver Distress Among Older Adults in a Memory Disorders Clinic
Brunet H, Cummings J, Banks S, Miller J

A - 27

A Case Study of Primary Progressive Aphasia
Eng K

A - 28

The Quick Dementia Rating System and Ecological Validity in a Memory Disorders Cohort
Junod A, Childs K, Stewart P

A - 29

Review of Cognitive Functioning for Persons with Post-Traumatic Stress Disorder and Associated Risk of Dementia
Modesto M, Valdivia R, Rodriguez M

A - 30

Premorbid Intellectual Functioning and Functional Assessment in Mild Cognitive Impairment
Montgomery V, Thompson J, Kauzor K, Gomez K, Diep A, Merrill D, Chen S, Wright M, Woo E

A - 31

A New Measure of Functional Gait Assessment to Distinguish Amnestic and Non-Amnestic MCI
Nitsch K, Wager M, Milano N

A - 32

The Shepherd Verbal Learning Test: Simple 10-Item Supraspan Test for Use in a Memory Clinic Population
Norheim N, Kissinger-Knox A, Cheatham M, Mulligan K, Webbe F

A - 33

Jogging Your Memory: A Systematic Review and Meta-Analysis of the Effects of Exercise Interventions on Global Cognitive Functioning in Patients with Dementia
Ogram Buckley C, Williams R

A - 34

Examining the Relationship Between Apathy and Depression with Cerebral Amyloid and Hippocampal Atrophy Among Cognitively Normal and Cognitively Impaired Older Adults
Rodriguez Granda A, Greig-Custo M, Garcia P, Penate A, Barker W, Ollarves A, Loewenstein D, Duara R

A - 35

Cognitive Progression of Neurofibromatosis Type 1

Scharaga E, Chang A

A - 36

A Neuropsychological Case Study of Auditory Charles Bonnet Syndrome

Sekunda V, Black J

A - 37

Performance Validity Testing in Veterans with Cognitive Impairment

Smith A, McBride W, Cottingham M

A - 38

The Diabetic Brain and Cognitive Decline

Tran V, Garcia J, Radmanesh D, Vitale G, Boix Braga M,

A - 39

SPECT Cerebral Blood Flow Differences Between Self-Reported Low and High Levels of Social Skills in Geriatric Sample

Trinidad B, Bennett R, Harcourt S, Stebbins L, Golden C, Amen D, Willeumier K, Taylor D

Neurological and Neuropsychiatric Disorders: Cerebrovascular Disease

A - 40

Cardiovascular Status as a Predictor of Verbal Memory Performance

Eversole K, Valentine T, Gries J, Block C

A - 41

Post-Stroke Anxiety: A Case Study

Miller K, Penna S

A - 42

Case Study of Bilateral Stroke in an Individual with X-Linked Lymphoproliferative Syndrome

Myers B, Hutchinson K, Lawrence D, Viggiani S

A - 43

The Relationship Between Cardiovascular Risk Factors and Verbal Memory Performance

Valentine T, Eversole K, Gries J, Block C,

Neurological and Neuropsychiatric Disorders: Traumatic Brain Injury

A - 44

Sleep Disturbances After Mild Traumatic Brain Injury: A Needs Assessment and Program Development Study

Barbuscak C, Piszczor R, Dell'Angela K

A - 45

Effect of Self-Reported Fatigue on Neuropsychological Test Performance in Mild Traumatic Brain Injury

Bens M, Noachtar I, Ruff R

A - 46

Postconcussion Symptom Reporting within the First 5-Years of the Recovery Trajectory Following Uncomplicated Mild Traumatic Brain Injury: A Cross-Sectional Perspective

Brickell T, Lippa S, French L, Gartner R, Driscoll A, Wright M, Bailie J, Nora D, Sullivan J, Varbedian N, Camelo-Lopez V, Cheselka J, Bellini P, Holzinger J, Walker H, Brandler B, Freud J, Schaper A, Reese M, Barnhart E, Casey K, Ndege V, Ramin D, Eshera Y, Robinson G, Lange R

A - 47

Acute Cognitive Effects Following a Concussion Among Adolescent Athletes with Two or More Prior Concussions

Cook N, Brett B, Terry D, Maxwell B, Zafonte R, Berkner P, Iverson G

A - 48

Baseline Symptoms from the Sports Concussion Assessment Tool (SCAT) Predict Concussion Recovery Time in Collegiate Athletes

DaCosta A, Dugan S, Grueninger K, Mulligan K, Webbe F

A - 49

Quality of Life Inventory After Traumatic Brain Injury (QOLIBRI) Scale : A More Holistic View of TBI

Deragon K, Marker C

A - 50

Effects of Expecting Functional Disability Following Moderate/Severe Traumatic Brain Injury

Fedio A, Sexton J, Roper C, Cummings S, Dekarchuk M, Lebedun A, Fedio P

A - 51

Differences in Blood Flow in a Former NFL Population Based on Self-Reported Executive Functioning Difficulties

Fitzgibbon K, Diah K, Sattaur Z, Golden C, Amen D, Willeumier K, Taylor D

A - 52

Changes in Parent-Reported EF Deficits Predict Select Parent-Reported Adaptive Functioning Deficits in Pediatric Survivors of Mild-to-Severe TBI

Hague C, Tan A, Tarkenton T, Holland A

A - 53

Blast Exposure Moderates the Association Between Post-Traumatic Stress Disorder and Cognition in Veterans with Mild or Moderate Traumatic Brain Injury

Holiday K, Clark A, Merritt V, Sorg S, Delano-Wood L, Schiehser D

A - 54

Demographic Factors and Likelihood of Sport Concussion

Hussey J, Witoslawski D, Sheikh R, Kinsora T, Ross S, Allen D

A - 55

Concussion Rate Differences Across Football Positions

Hussey J, Ng W, Witoslawski D, Kinsora T, Ross S, Allen D

A - 56

Rates of Sport Concussion in Contact and Non-Contact Sports

Hussey J, Ng W, Flood S, Kinsora T, Ross S, Allen D

A - 57

Comparison of Seven Executive Functioning Composite Scores in Service Members with and Without Acute Mild Traumatic Brain Injury

Ivins B, Karr J, Silverberg N, Cole W, Iverson G

A - 58

Mild Traumatic Brain Injury Not Related to More Neuropsychological Problems in a Clinical Sample

Kaufman N, Martinez V, Davis A, Tonarelli S, Mullins C, Sandoval H, Aguilar Y

A - 59

Comorbidities and Sequelae for Mild Traumatic Brain Injury in a Clinical Population

Kessler-Jones A, Ferrazzano P

A - 60

Ten Year Neurobehavioral Outcome Following Mild, Moderate, Severe, and Penetrating Traumatic Brain Injury in U.S. Military Service Members

Lange R, Lippa S, French L, Gartner R, Driscoll A, Wright M, Bailie J, Nora D, Sullivan J, Varbedian N, Camelo-Lopez V, Cheselka J, Bellini P, Holzinger J, Walker H, Brandler B, Freud J, Schaper A, Reese M, Barnhart E, Casey K, Ndege V, Ramin D, Eshera Y, Robinson G, Brickell T

A - 61

Postconcussion Symptom Reporting is not Associated with White Matter Integrity in the Sub-Acute to Chronic Phase of Recovery Following Mild Traumatic Brain Injury

Lange R, Yeh P, Lippa S, Brickell T, French L

A - 62

Neuropsychological Outcome Ten Years After Traumatic Brain Injury in U.S. Military Service Members

Lippa S, Lange R, Brickell T, French L

A - 63

The Relationship Between Plasma Tau and Amyloid, Neuropsychological Test Performance, Diffusion Tensor Imaging, and Cortical Thickness Following Traumatic Brain Injury in U.S. Military Service Members

Lippa S, Gill J, Brickell T, Yeh P, French L, Lange R

A - 64

Clinical Utility of WAIS-IV 'Excessive Decline from Premorbid Functioning' Scores to Detect Poor Effort Following Traumatic Brain Injury

Moore R, Lippa S, Lange R, French L, Brickell T

A - 65

The Influence of Gender on Neuropsychological Test Performance and Symptom Reporting in Individuals with Prolonged Concussion Symptoms

Pardini J, Garrett R, Allred R, Massingale S, Schatz P

A - 66

The Polytrauma Triad: Impact of PTSD Symptom Clusters on Cognitive Complaints in Post-9/11 Veterans

Shepard P, Akagi K, Everett S, Hassan I, Osborne A, Tan M, Schroth C, Aase D, Passi H, Proescher E, Greenstein J, Walters R, Krage M, Phan

A - 67

Post-Concussive and Mood Symptoms of Traumatic Brain Injury Patients in a Clinical Population

Slonim T, Holguin G, VanLandingham H, Alasantro L, Rosen J

A - 68

Relationships Between Neuropsychological Test Scores and Frontal Executive Behaviors in Chronic Traumatic Brain Injury

Smith E, Smith J, Juengst S

A - 69

Generic Graded Physical Activity Advice for Concussion Increases Planned Physical Activity

Sullivan K, Finnis S

A - 70

Differences in Recovery Between Adolescents with and Without ADHD After Sport Concussion

Tarkenton T, Bunt S, Hicks C, Didehbani N, Cullum M, Silver C

A - 71

Influence of Perceived Pressure on Concussion Reporting Behavior

Walker I

Neurological and Neuropsychiatric Disorders: Treatment and Rehabilitation

A - 72

A Systematic Review of Singing Therapy as a Treatment for Language Disorders

Maresco A, Ahmad S, Wehrle L, Grigorian A, Rios L, Tourgeman I

A - 73

The Effects of Task-Oriented Coping and Stress on Depression Symptomology in Individuals with Moderate to Severe Brain Injury

Perez L, Lindgren K, Inala S

A - 74

Intonation-Based Therapy Effectiveness on Language Impairment in Individuals with Autism Spectrum Disorder: A Systematic Literature Review

Perez T, Rodriguez M, Tourgeman I

A - 75

A Case of Obsessive-Compulsive Disorder in Multiple Sclerosis (OCD-MS): Significance of Neuropsychological Test Findings and MRI Documented Right Mesial Temporal Sclerosis

Pimental P, Christopher J, Jandak J, Ciampantelli A

A - 76

The Role of Age in Early Functional Outcomes for Children Diagnosed with Anti-NMDA Receptor Encephalitis During Inpatient Rehabilitation

Watts S, Krentzel A, Blackwell L, Howarth R

Poster Session B

Thursday, October 18, 2018

6:30pm - 8:00pm

Development and Pediatric: Attention Deficit (Hyperactivity) Disorder

B - 01

Working Memory Training for Individuals with ADHD: Examining the Outcomes by ADHD Subtype

Elliot A, Vivian J

B - 02

Using the Diffusion Model as a Diagnostic Tool for ADHD

Galloway-Long H, Huang-Pollock C

B - 03

The Impact of Pregnancy Problems on Measures of Verbal Fluency in Children Diagnosed with Attention Deficit Hyperactivity Disorder: An Empirical Study

Perez Delgadillo P, Tourgeman I, Hernandez L, Tanner-Woodward S

B - 04

Differences Between Gender in Athletes with ADHD on Baseline Neurocognitive Scores

Datoc A, Burgess J, Bennett R, Lashley L, Golden C

Development and Pediatric: Learning Disability

B - 05

Influence of Learning Disorders on Baseline Neurocognitive Scores Within Gender

Datoc A, Burgess J, Lashley L, Golden C

Developmental and Pediatric: Other

B - 06

The Relationship Between Executive and Social Functioning in Children with Autism Spectrum Disorder

Bednarz H, Kana R

B - 07

Language Impairment and Neurofibromatosis Type 1: A Case-Study Examining a Child with English as a Second Language

Bracken M, Franzen M, Dean-Hill H

B - 08

Neuropsychological Profile of Wolf-Hirschhorn Syndrome

Culotta S, Blackwell M

B - 09

Executive Functioning Abilities Predict Pre-Reading Skills in Preschoolers

Figuccio M, Walker H

B - 10

Underlying Brain Mechanisms of Children Prone to Aggression Using SPECT Imaging

Grodner K, Harcourt S, Sattaur Z, Strong A, Golden C, Amen D, Willeumier K, Taylor D

B - 11

Neuropsychological Predictors of Social Functioning in Children with Fetal Alcohol Spectrum Disorders
Jay M, Tangen R, Bothe D

B - 12

Associations Between Cognitive, Mental Health, and Motor Outcomes in Patients with Acquired Dystonia After Pediatric Stroke
Ledochowski J, Desrocher M, Westmacott

B - 13

Distinguishing Between Functional Neurological Symptom Disorder and Intentional Poor Performance on Neuropsychological Testing in Two Preadolescent Males
Lewandowski A, Kunzer K, Lewandowski C, Szczepkowski K, Cole J

B - 14

Neuropsychological Outcomes in a Pediatric Population with Autism Spectrum Disorder and/or Anxiety
Manjarres Cohen D, Fredrick A

B - 15

A Case of Adolescent Right Thalamic Ependymoma Status-Post Resection
Muslin S, Burciaga J

B - 16

Neuropsychological Functioning of Early Childhood Left Temporal Primary CNS Neoplasm Status-Post Resection: Evidence for the “Crowding Out” Hypothesis
Muslin S, Burciaga J, Aaron H, Peery S, Hirst R

B - 17

Neuropsychological Recovery in a Pediatric Case of a Cerebellar Cognitive Affective Syndrome Status-Post Cerebellar Tumor Resection
Muslin S, Peery S, Aaron H, Burciaga J, Hirst R

B - 18

How’d We Do? Results of a Brief Satisfaction Survey Following Outpatient Pediatric Neuropsychological Evaluation
Nissirios E, Baldwin F, Maerlender A, Lichtenstein J

B - 19

Septo-Optic Dysplasia (de Morsier Syndrome): Neuropsychological Sequelae in a Four Year Old
Powell S, Tam H, Gold A, Marks D, Montalto D

B - 20

Implementation of a Flexible Model of Neuropsychological Assessment in a Pediatric Oncology Program
Powell S, Ares K, Goldman S

B - 21

Effect of Loss of Consciousness After Traumatic Brain Injury on Digit Span Backwards
Radmanesh D, Tran V, Garcia J

B - 22

FAS BeST: Evidence of Behavior Profiles for Prenatal Exposure to Alcohol
Seiders J, Andrews G, Mara T

B - 23

Oppositional Defiant Disorder Compared to Conduct Disorder: A SPECT Exploratory Analysis
Strong A, Grego A, Kieth M, Golden C

B - 24

Neuropsychological Evaluation of a Hard of Hearing High School Student with KBG Syndrome
Whitaker R

B - 25

Patterns of Child Maltreatment in Families Referred for Clinical Neuropsychological Testing
Kaufman N, Martinez V, Davis A, Sandoval H, Mullins C, Tonarelli S, Aguilar Y

Neuropsychological Domains: Other

B - 26

Estimating Youth Wechsler IQ With Four Demographic Variables: A Cross-Validation
Kaufman N, Martinez V, Davis A, Aguilar Y, Sandoval H, Tonarelli S, Mullins C

B - 27

Posttraumatic and Depressive Anhedonia: Common and Distinct Cognitive Profiles
Clendinen C, Hardy R, La Barrie D, Surapaneni S, Jovanovic T, Bradley B, Fani N

B - 28

How Well do PPVT-4, EVT-2, and NDRT Vocabulary Subtest Predict WAIS-IV Indices and FSIQ
Gilmore M, Harcourt S, Strong A, Cabrera C, Golden C

B - 29

An Exploratory Factor Analysis of Verbal Mediation in Visual Assessment Tasks
Greenman K, Moses J

B - 30

The Clinical Utility of Recaptured Baselines After Return-to-Play
Kissinger-Knox A, Norheim N, Cheatham M, Mulligan K, Webbe F

B - 31

C3Logix Assessment of Neuropsychological Performance in Athletes and Non-Athletes
Makwana B, Xu X

B - 32

A Comprehensive Evaluation of Acculturation Level Among Cognitively Normal and Cognitively Impaired Hispanic Older Adults
Mendoza L, Rodriguez M, Dahlin P, Garcia P, Duara R, Roselli M, Loewenstein D, Greig-Custo M, Barker W

B - 33

Verbal and Nonverbal Intelligence Components Mediate Aspects of Visual Memory and Perception
Rivera J, Moses J, Greenman K, Gukasyan M, Newman N

B - 34

Neurocognitive Functioning as a Predictor of Study Dropout and Treatment Adherence Among Employed Women with Multiple Sclerosis
Stimmel M, Cohen J, Foley F

B - 35

Serial Position Recall and Cognitive Performance in an Outpatient Clinic Sample of Older Adults
Weitzner D, DeVito A, Rasmussen L, Calamia M

Neurological and Neuropsychiatric Disorders: Other

B - 36

Differentiating Parkinson's Dementia- and Depression-Related Cognitive Decline
Jeffrey M, Boix Braga M

B - 37

Case Study of Possible PSP with Severe Functional Impairment in a 59-Year-Old Woman
Lee J, Facchini R, Cohen J, Weiss E, McGinley J, Pakray H, Vissicchio N, Masur D

B - 38

Fluid Reasoning in Pediatric Epilepsy: The Relationship of Executive Functioning with the WISC-V
Loblein H, Merrill L, Nussbaum N, Titus J

B - 39

Detecting Epilepsy-Related Cognitive Problems in Children with Epilepsy: Is the Wechsler Intelligence Scale for Children – Fifth Edition a Useful Tool?
MacAllister W, Maiman M, Medlin C, Vasserman M, Brooks B, Fay-McClymont T, Sherman E

B - 40

The Relationship of WISC-V Profiles with Seizure Variables in Pediatric Epilepsy
Merrill L, Lund E, Nussbaum N, Titus J

B - 41

A Review of Alpha-Synuclein's Contribution to Parkinson's Disease
Miller K, Hewitt K, Mullen C

B - 42

Microstructural Difference in White Matter in the Prodromal and Plinical Phases of Parkinson's Disease
Ohlhauser L, Gawryluk J

B - 43

Untreated Congenital Hydrocephalus and Parkinson's Disease in Adulthood: A Neuropsychological Case Study
Sekunda V, Black J

Neuropsychological Domains: Attention

B - 44

Reliability Between Conners CPT-3 and CATA
Goulart W, Harcourt S, Horne K, Golden C

B - 45

Predicting Processing Speed from Measures of Impulsivity
Kieth M, Sattaur Z, Strong A, Grodner K, Diah K, Fitzgibbon K, Golden C

B - 46

Assessing Depth Perception in Patients with Right Parietal Lesions
Poreh A, Eskew L

Neuropsychological Domains: Executive Functions

B - 47

Decomposition of the Trail Making Test in a Large Clinical Sample of Older Adults

Poreh A, Eskew L

B - 48

Examining Executive Functioning Differences in Math and Reading Disorders

Abu-Suwa H, Burley C, Lupton A, Golden C

B - 49

Comparison of Computerized Versus Oral Administration of the Digit Span Task

Beach J, Aita S, Francia A, Lamay D, Taylor S, Harrell M, Holcombe J, Elliott E, Calamia M, Hill B

B - 50

The Relationship Between Verbal and Executive Function Measures

Cabrera C, Harcourt S, Golden C

B - 51

Cognitive Inhibition Performance in Adolescents with a History of Child Maltreatment: A Specific Comparison of Task-Switching Versus Classic Inhibitory Task Measures

De Boer D, Mackiewicz Seghete K, LaFavor T, Jackson E, Anthony R

B - 52

The Effects of Personality on Measures of Executive Functioning

Harrell M, Fadoir N, Beach J, Taylor S, Aita S

B - 53

Visual Memory and Auditory Memory Predicting Performance on the Trails Test

Horne K, Strong A, Fornalski N, Goulart W, Golden C

B - 54

Agreement Between Brief Computerized Neurocognitive Assessment Tools and a Traditional Measure of Executive Function at Clinically Meaningful Performance Levels

Ivins B, Arrieux J, Schwab K, Cole W

B - 55

Differential Contributions of Executive Control to Predict Intelligence

Kassel M, Zollicoffer C, Kazakov D, Osmon D

B - 56

Impact of Visual Dimensions on Matrix Reasoning Performance

Lindberg K, Miller J, Weigel S

B - 57

Validating Stroop Color Word Test Interference in Vascular Cognitive Impairment

Marceaux J, Fullen C, Stubbs W

B - 58

Neuroticism & Openness: Identifying The Associations with Executive Functioning in Community-Dwelling Older Adults

Mercuri G, Holtzer R

B - 59

Executive Functioning Deficits Among Juvenile Sex Offenders: A Systematic Literature Review

Ramirez A, Marrero K, Rodriguez M

B - 60

Do Scales of Executive Function Measure the Same Things?

Riccio C, Lund E, Schwartz J

B - 61

Can a Neural Marker of Impulsivity Better Predict Interpersonal Problems than a Performance-Based Test?

Rodrigo A, Wright L, Ruocco A

B - 62

Associations of Normative and Maladaptive Personality Traits with Self-Reported Executive Functioning

Roye S, Castagna P, Calamia M

B - 63

The Ability of Executive Function to Predict NDRT Comprehension Without the Influence of VCI

Sattaur Z, Strong A, Diah K, Kieth M, Grodner K, Ethridge K, Golden C

B - 64

The Influence of Emotion Dysregulation on the Wisconsin Card Sorting Test in Patients with Adaptive Functioning Deficits

Singh S, Young M

B - 65

White Noise Effects on Cognitive Performance in Those with ADHD: The Moderating Role of Internalizing Symptoms

Smith A, Roye S, Calamia M

B - 66

Negative Priming Stroop Effect: Executive Control Added to Stroop Interference Effect

Zollicoffer C, Kassel M, Kazakov D, Osmon D

Neuropsychological Domains: Language and Aphasia

B - 67

Language Deficits and Treatment Modalities in Post Stroke Aphasia Patients

Diaz-Navarro J, Rodriguez M

B - 68

The Effectiveness of Music Therapy on Aphasia

Maresco A, Rodriguez M

Neuropsychological Domains: Memory and Amnesia

B - 69

An Evaluation of the Construct Validity of the Source Memory Indices of the California Verbal Learning Test-Second Edition

Babicz M, Sheppard D, Morgan E, Woods S

B - 70

Memory for Neutral Memoranda: Reconsidering Salience Effects in Alexithymia

Correro A, Paitel E, Byers S, Nielson K

B - 71

Exploring the Effect of Trait Anxiety on Working Memory Intra-Individual Variability: A Response Time Distributional Analysis Approach

Holcombe J, Myers M, Elliott E, Hill B

B - 72

Health and Disability Differences Among Patients with Amnesic and Non-Amnesic Mild Cognitive Impairment

Holguin G, Wagner G, Slonim T, Haase-Alasanthro L, Rosen J

B - 73

Eye-Tracking Gaze Patterns Are Not Related to Object Location Memory Performance in Healthy Older Adults and Those with Amnesic Mild Cognitive Impairment

Laing J, Rahman-Filipiak A, Hampstead B

B - 74

Hippocampal Volumes Are Related to Performance on a Temporal Sequencing Task

Moll A, Reckow J, Hampstead B

B - 75

Verbal and Visuospatial Episodic Memory: Roles of Attention and Executive Function in a Memory Clinic Population

Richey L, Bonner-Jackson A

B - 76

Differences in Memory Performance on Neuropsychological Measures Among Adults with Attention-Deficit Hyperactive Disorder

Rodriguez I, Rivas-Vasquez R, Rey G, Valdivia R, Borgan C

B - 77

Constructs of the WMS4 and WAIS-IV Intelligence Subscales

Stebbins L, Fornalski N, Harcourt S, Golden C

Poster Session C

Friday, October 19, 2018

12:00pm - 1:30pm

Diversity

C - 01

Cultural Differences in Baseline Concussive Symptom Reporting

Burley C, Bennett R, Lashley L, Golden C

C - 02

Cultural Differences in Baseline ImPACT Composite Scores

Burley C, Bennett R, Lashley L, Golden C

C - 03

Comparing Performance on the Rey Complex Figure Test Between Hispanics and Non-Hispanics

Cook A

C - 04

Neuropsychological Assessments for Adult Spanish Speakers in the United States

Gonzalez Catalan M, Paulraj S, Ma F, Arora S, Choi E, Gomez R

C - 05

Use of the Montreal Cognitive Assessment (MoCA) in a Rural Outreach Program for Military Veterans

Hilgeman M, Boozer E, Davis L

C - 06

Wechsler Intelligence Scale for Children-Fourth Edition (WISC-IV) Short Form Accuracy in Children with Attention-Deficit/Hyperactivity Disorder (ADHD): Does Primary Language Matter?

Nuñez M, Emami A, Mayfield A, Gomez-Batista S, San Miguel L, Etcoff L, Allen D

C - 07

Assessing the Significance of Neurocognitive Sequelae in a Young Bilingual Adult Following an Episode of Endocarditis with Ischemic Stroke

Patiño Y, Torres K

C - 08

Factor Structure and Measurement Invariance of a Neuropsychological Test Battery Designed for Assessment of Cognitive Functioning in Mexican Americans

Stypulkowski K, Gavett B, Johnson L, Hall J, O'Bryant S

C - 09

The Influence of Demographic Variables on Normal Neuropsychological Test Performance in English Speaking Hispanic and Matched White Older Adults

Werry A, Daniel M

C - 10

Influence of Demographic Variables on Measures of Memory and Language for Spanish Speaking Hispanic and Matched White Older Adults

Werry A, Daniel M

Neurological and Neuropsychiatric Disorders: Other

C - 11

Examining Cerebral Blood Flow Differences in Cannabis and Alcohol Use Disorders

Abu-Suwa H, Sohail S, Golden C, Amen D

C - 12

A Case of Accelerated Progression of Co-Morbid Primary Lateral Sclerosis and Frontotemporal Dementia

Arora S, Ordoñez C, Collins W, Gomez R

C - 13

Assessing the Appropriateness of Catatonia Rating Scales in Describing Motor Abnormalities in an Adult with Autism Spectrum Disorder

Davis K, Kennedy S, O'Grady J, Bontemps J, Francis J, Gordon B

C - 14

Worsening Fatigue Predicts Increased Cognitive Complaints and Declines in Cognitive Test Performance Among Individuals with Multiple Sclerosis

Domen C, Nair K, Hoyt B, Alvarez E, Medina L

C - 15

Psychogenic Nonepileptic Seizures: A Case Study Involving Focal Epilepsy and Trauma

Engelmann M, Nussbaum N

C - 16

The Relationship Between Subjective Cognitive Function and Neuropsychological Performance in an Urban HIV+ Population

Focht K, Foster E, Minniti N, Tedaldi E, Fischer-Smith T

C - 17

Case Review: Neuropsychological Evaluation of a Patient with Epilepsy Secondary to Temporal Lobe Encephalocele

Greth Z, Matusewicz M, Reno A

C - 18

An Informal Intervention to Promote Social Engagement Using Communication Technologies with an Adult with Level 3 Autism Spectrum Disorder

Keller K, O'Grady J, Gordon B, Davis K

C - 19

Systematic Review of Psychosocial Interventions for Adults with Level 3 Autism Spectrum Disorder

Kennedy S, Dallavecchia A, Davis K, Gordon B

C - 20

The Prevalence and Neuropsychological Sequelae of Hypoxic Brain Injury in Victims of Intimate Partner Violence

Meyer J, Arnett P

C - 21

Neuropsychological Screening of Phenylketonuria (PKU) in an Interdisciplinary Care Setting

Mission P, Kessler-Jones A, Foy A

C - 22

The Relationship Between Frontal Lobe Impairment, Mood, and Perceived Quality of Life in Epilepsy
Mitchell R, Siruckova A, Walker M, Sever R, Reale-Caldwell A, Rum R, Schoenberg M

C - 23

Pain Catastrophizing and Its Relation to Psychological Distress and Cognitive Performance in a Chronic Pain Sample
Myers M, Holcombe J, Overstreet T, Taylor S, Epker J, Espenan M, Hill B

C - 24

EEG Net Tolerance Training for an Adult with Level Three Autism Spectrum Disorder
O'Grady J, Francis J, Gordon B, Davis K

C - 25

The Impact of Reversible Factors in a Patient with Moderate to Severe Memory Loss
Ory J, Bragg T, Ruwe W

C - 26

Combined Effects of HIV and Past Methamphetamine Use Disorder on Frailty, Neurocognition, and Everyday Functioning
Paolillo E, Saloner R, Montoya J, Campbell L, Pasipanodya E, Iudicello J, Moore R, Moore D

C - 27

Cognitive Performance and Depression Symptoms in Patients with Migraine
Sebrow L, Klepper J, Seng E

C - 28

Learning Mediates the Relationship Between Executive Functions and Medication Management in HIV Disease
Sullivan K, Woods S

C - 29

Comprehensive Neuropsychological Testing of Adult Diagnosed with Charles Bonnet Syndrome after a Craniopharyngioma Resection
Crespo K, Zacca E, Ireland S

Neurological and Neuropsychiatric Disorders: Psychiatric Illness

C - 30

A Case of Undiagnosed Wernicke's Encephalopathy Due to Avoidant Restrictive Food Intake Disorder in a Patient with Persistent Complex Bereavement Disorder
Crespo K, Barton J, Ireland S

C - 31

SPECT Cerebral Blood Flow Differences Between Self-Reported Low and High Feelings of Hopelessness
Bennett R, Trinidad B, Datoc A, Burgess J, Golden C, Amen D, Willeumier K, Taylor D

C - 32

A SPECT Exploratory Analysis of Differentiating Psychotic Symptomatology Severity
Bennett R, Bennett R, Golden C

C - 33

Psychometric Properties of the NeuroQoL v2.0 Cognitive Function-Short Form in Veterans with Posttraumatic Stress Disorder

Clark E, Terry D, Iverson G

C - 34

Montreal Cognitive Assessment: Clinical Utility in Public Psychiatry

Gorman K, Pinto K, Giuliano A

C - 35

The Predictive Value of the KMSK and PRISM in Determining the Neuropsychological Effects of Opioid Dependence in a Diverse Population

Morris E, Rivera Mindt M, Tureson K, Guzman V, Byrd D

C - 36

The Role of Approach Motivation in Social Anhedonia, Affect Recognition, and Schizotypy

Selvanathan J, Grimes K, Zakzanis K

C - 37

SPECT Cerebral Blood Flow Differences Between Self-Reported Low and High Levels of Shyness and Self-Esteem

Trinidad B, Bennett R, Golden C, Amen D, Willeumier K, Taylor D

Professional Issues: Effort and Motivation

C - 38

Cross-Validation of the Word Memory Test (WMT) Genuine Memory Impairment Profile for Detecting Noncredible Test Performance Among Cognitively Impaired Veterans

Alverson W, O'Rourke J, Soble J

C - 39

Are Any of the TOMM Trials Related to Neurocognitive Ability in Validly Performing Outpatients?

Boettcher A, Ernst N, Schroeder R, Martin P, Olsen D

C - 40

Comparing Embedded Performance Validity Indicators on the California Verbal Learning Test-II

Davis J, Rolin S

C - 41

Cross-Validation of Multivariable Validity Indicators on the Rey Complex Figure Test

Davis J, Rolin S

C - 42

Performance on Three Validity Measures in a Post-Acute Rehabilitation Population

DiCarlo G, Ernst W, Kneavel M, Manfredi R

C - 43

Analysis of Five Empirically-Derived Methods of Utilizing the Test of Memory Malingering (TOMM) Relative to Three Other Performance Validity Measures

Farmer S, Lynch J, McCaffrey R

C - 44

Performance Validity and Processing Speed in Psychoeducational Assessments of College Students

Harrison A, Stewart M

C - 45

Severe Impairment Profile vs Outright Failure on PVTs: Patterns of Performance in a Postsecondary Sample

Harrison A, Stewart M

C - 46

Questionable Divergent Validity for the Memory Validity Profile in a Multicultural Clinical Sample

Kaufman N, Davis A, Martinez V, Sandoval H, Tonarelli S, Mullins C

C - 47

Performance Validity Testing in Veterans with Post-Traumatic Stress Disorder and/or Mild Traumatic Brain Injury

McBride W, Smith A, Cottingham M

C - 48

Base Rate of WMT and RDS Failure in ADHD

McKinstry A, Costin C, Korinek D, Jasinski N, Salman A

C - 49

The Relationship Between Performance Validity Measures and Health Factors that Influence Overall Effort in Veterans During Neuropsychological Evaluations

Mills C, Costanzo M, Reinhard M

C - 50

Investigation of Embedded Performance Validity Tests in the Delis-Kaplan Executive Function System Trail Making Subtest

Olsen D, Schroeder R, Heinrichs R, Martin P

C - 51

Specificity of Reliable Digit Span in Dementia Evaluations

Olsen D, Schroeder R, Boettcher A, Ernst N, Mietchen J, Heinrichs R, Martin P

C - 52

Early Cutoff Criteria for Strong Performers on the Test of Memory Malingering

Polsinelli A, Cerhan J
